Children First Families First Institute Comments from our students

Career Readiness for Women Class

I appreciated the tremendous information about resources available in the community. Just about anyone can benefit from this class, especially single women and women in transition.

Calendar-based Budgeting

I love that, whoever you sat with, you got great information. I feel more confident about my finances and taking control of my life. The work of finding our spending leaks. I stopped those leaks and now I am saving more.

Nurturing Dads Class

I had high expectations and they were fully met. The facilitator made the class very enjoyable. Thank you. You really have opened my eyes to so (many) fathering techniques. The course is the perfect way of introducing new dads to 21st century parenting.

Positive Solutions for Families

Hearing other parent's situations helped me be more patient. I was given a lot of ways to handle both kids I have that have behavior issues. I've learned and have put into practice not to react but to step back and make a better response.

thank

you

for helping
my dad, and
all the other
dads. My dad
has improved
alot.

Kinship Care Support Groups

Life-saving. Very valuable and necessary. I'm so glad I found the group. It really helped me a lot over the years with attitude and learning. No one can relate to me better than someone from this group.
